Off the shelf

If our packages don't quite suit you, you might want to build your own. You can add on to our existing packages or change an item and simply pay the difference. Here are some of our most popular items and upgrades:

Additional photographic coverage: £100

If a full day package is too long, but a half day isn't quite long enough, why not add in an extra hour or two so that you get all the coverage you want from your special day!

20 x 16" Acrylic Gallery Print: £135

Designed for gallery and exhibition printing, the 6mm depth and clever float effect is truly eye-catching. Offering razor sharp images and an almost 3D effect due to its clarity this is a stunning addition to your wedding package.

USB folio upgrade: £40

For an extra element of contemporary luxury, why not upgrade your CD to a USB folio? Presented in a personalised case with laser etched design on the card itself this product really stands out from the crowd.

Album upgrades

All our albums are excellent quality, but what if you want additional pages, a bigger size or more luxurious style? That's not a problem, just choose which one you want and all you have to do is pay the difference!
